Bespoke Aluminium Yachts

BY42 FLY (NEW)

The all new BRIZO 42 FLY is available from semi to fully custom build aluminum. The BY42 is a very seaworthy Yacht build to perform in challenging conditions.

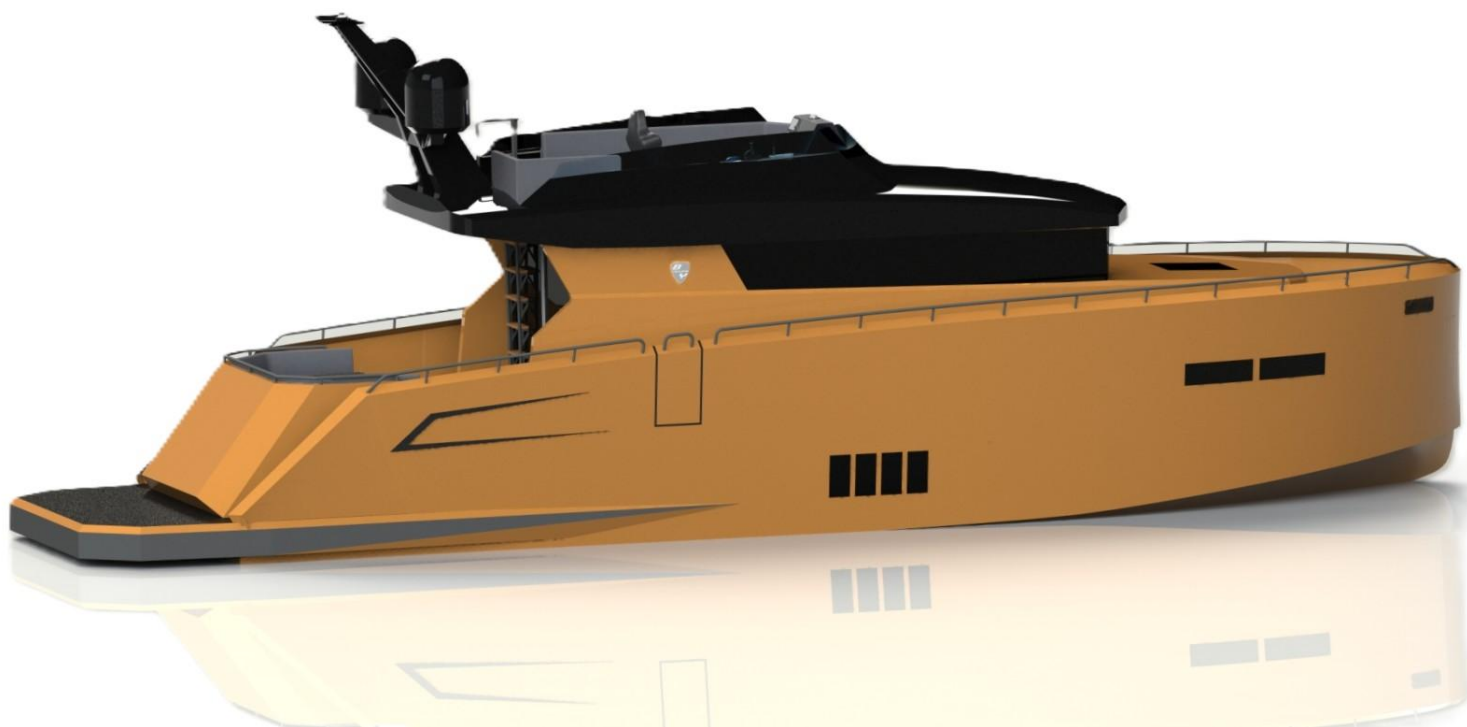

She packs a lot in 42 feet – especially considering her wide walkaround sidedecks providing easy and safe operating while underway or docking . She is available with 2 or 3 cabin version as per client's choice. Newly designed hull with a straight bow allows more interior space below decks.

Engine power is available from twin 400hp up to 800hp. Volvo Penta diesel engines with Sterndrive or Hamilton waterjet propulsion systems offers the ultimate performance as per client's requirements, still with a very economical fuel consumption.

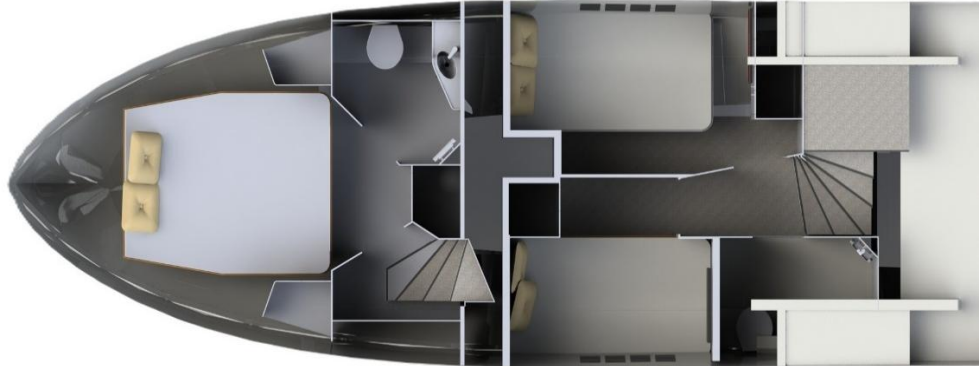

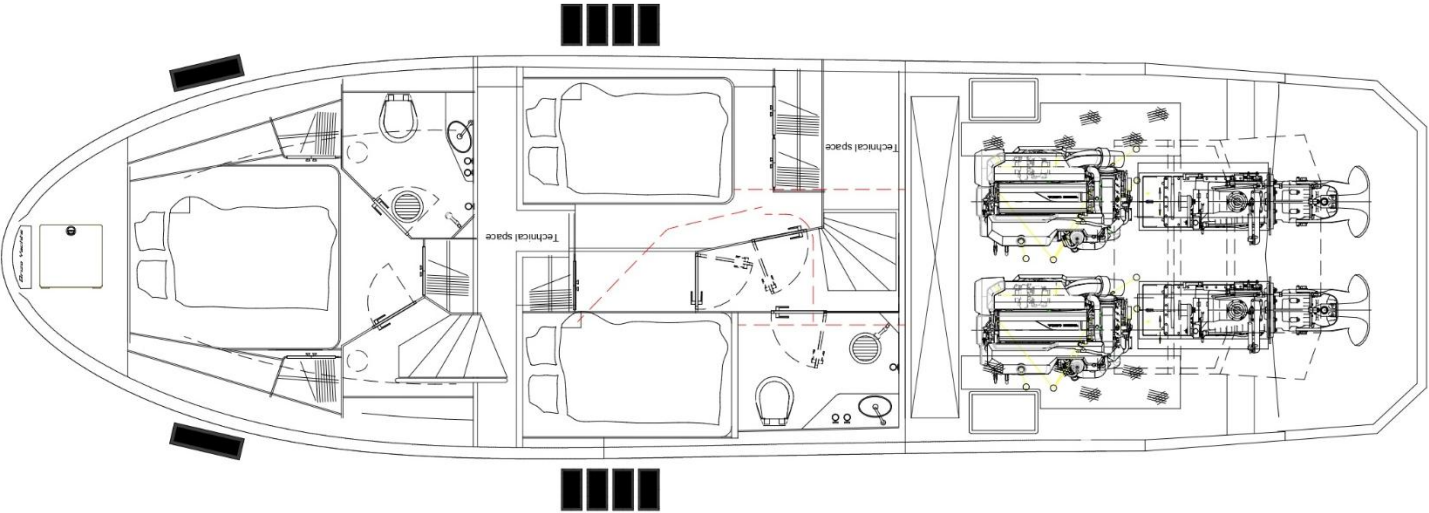

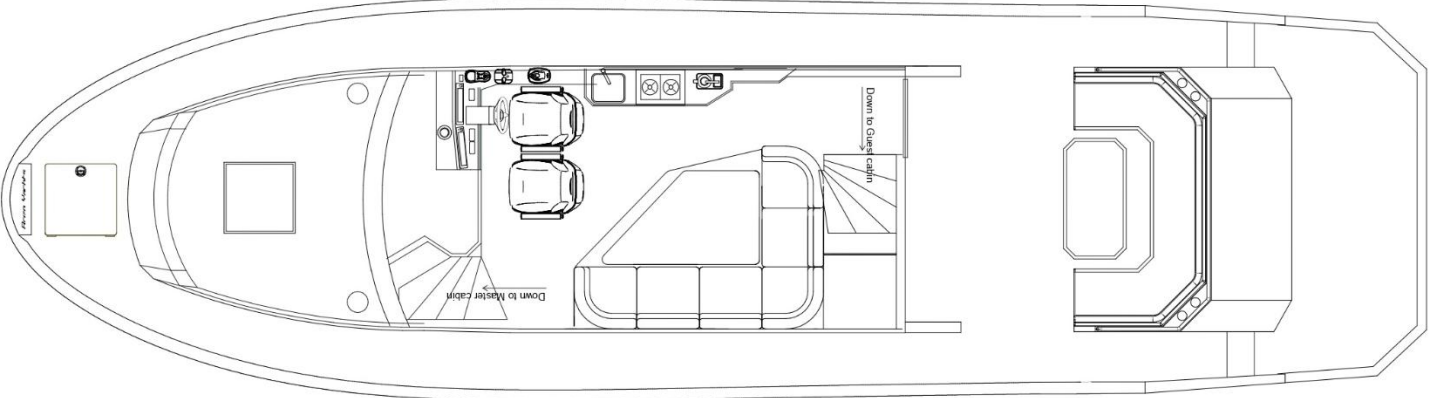

Every Brizo Yacht is built to the highest standard from the best materials with the highest attention to every detail.
